Kanan Kokurikulum: En Ramizu Ibrahim, Penyelia Petang: Pn Lau Bee Yong, AJK PIBG, dif-dif jemputan, para Ibu Bapa, Guru-Guru yang saya hormati, warga-warga SMKTD, tuan-tuan dan puan-puan sekalian.

Selaku Yang Di Pertua PIBG SMK Taman Desa, saya bagi pihak seluruh Ibu-Bapa pelajar-pelajar Sekolah ini dan AJK PIBG ingin merakamkan setinggi-tinggi penghargaan dan terima kasih kepada Pengetua Sdr Gan Peng Keang dan Guru-guru Sekolah.

I would like to extend a warm welcome to all parents who have taken time from your busy schedules to attend this 'Excellent Award Day' :Hari Anugerah Cemerlang yg Ke-29. This shows that you care. Your presence here give us hope that together, Parents, Teachers and the PIBG will forge a stronger bond in developing your child's education and knowledge.

Dear Parents,

To have excellence in education, parental guidance plays a pivotal role in the studies and character development of the child. Parents are a child's best advocate. Parents must communicate with the child, the teachers and PIBG in order to be updated on the progress of their child's studies in school.

There are things that you parents can do better than a teacher, or a school principal can. Instilling values – including the value of education – is really a parental job. There are many reasons that parental involvement can make an enormous difference in a child's education. One reason is that as parents you know your own child best, and you are in a position to follow what your child is learning and how well your child is learning. A child whose family values education is more likely to be a child who comes to the classroom ready, willing and able to learn.

On our part, we at PIBG will help the school to make the slogan "Berhasrat untuk menjadi sekolah terpilih dalam zon Bangsar" a life long objective. This

slogan should stay in the hearts of all who have entered the gates of SMK Taman Desa, irrespective of whether they are students or teachers. Our PIBG believes that in order for the students to out-perform and for the teachers to perform, there must be good supporting environment and infrastructures for teaching and learning.

On the academic front, the School has achieved significant improvements in the three (3) public examinations ie PMR, SPM and STPM. We have a student in our School who has scored 13 straight A1s in the recent SPM. She is Miss Ew Ju Vern. (Applause). We too have Jason Goh Chern Shuer who scored 12 straight A1s. (Applause). Others amongst the School champions are:

We are extremely proud of our students that we had their names conspicuously exhibited in our School website at www.smktamandesa.edu.my.

Hasil cemerlang ini sekali lagi menunjukkan bahawa sorakan SMKTD: “Kami Cemerlang, SMKTD Terbilang” adalah bertepatan dan selaras dengan hasrat semua warga sekolah dan stakeholders dalam pencapaian visi serta misi sekolah ini.

Dear Teachers,

We are proud that our School is entrusted with a good and quality stock of intake of new students. With the right mental attitude and right guidance from the teachers and with the appropriate coaching materials, we aspire to achieve continuing excellent results and high achievers to thrust forward the good name of this SMK Taman Desa- the preferred School in region. So, Teachers do not let down your chance.

Students,

My parting words for those students who have graduated from this School. Don't forget where your nest is : “come back to join the School activities and Old Students Association that has been formed”. Visit your teachers to show your appreciation for the years that you have been here and make them feel proud of you. Nothing like a pat on the shoulder from your ex-teachers.

Sekian, Terima Kasih.
