AJK PIBG, para Ibu Bapa, Guru-Guru yang saya hormati, warga-warga SMKTD, tuan-tuan dan puan-puan sekalian.

Saya berasa amat berbangga dan bertuah berdiri di sini untuk memberi ucapan dan seterusnya merasmikan kempen Gotong Royong Tahunan Sekolah ini dengan tema 'Kekal Bersih, Kekal Ceria'.

On behalf of the PIBG, I thank you all for presence today to take part in our School Gotong Royong campaign. This event is important and meaningful at your young age to accomplish the various objectives, namely:

1. it increases our culture of community bonding and integration amongst your fellow students;
2. it increases awareness of fellowship amongst warga-warga Sekolah and that of the teachers; just like one big family;
3. to share in the work-load towards cleanliness and beautification of our landscape around the School compound just like cleaning your own house compound;
4. to create an opportunity for the students and teachers of the School to socialize, mingle, interact and build rapport, which can translate to more meaningful community related activities in the future when you grow up and be a good citizen to Society;
5. to inculcate the spirit of belonging and volunteerism; and
6. **TEAM WORK:**
 - # There is no "I" in "TEAMWORK"; it always 'we';*
 - # TEAM = Together Everyone Achieves More;*
 - # Win together, lose together, play together and stay together.;*
 - # Teamwork: Simply stated, it is less of 'me' and more of 'we';*
 - # Coming together is a beginning. Keeping together is progress.*
 - Working together is success: that's' TEAMWORK*

PIBG hope to have more participation of parents next time. Parents need to know their children' steachers as well as School environment better so that they can see their children grow with the School.

Students,

Now, go arm yourselves with brooms, dustpan and garbage bags and go around the School compound to participate in our Gotong Royong.

I must emphasize that you are not to go near the perimeter fencing at the rear of Block F & G. We have engaged workers (through the patronage of Kenneth Ng) and have recruited volunteers to help catch the snakes and clean the undergrowth. The emergency unit of Dewan Bandaraya Kuala Lumpur and Balai Bomba are on the alert for any untowards incident.

Sekian, Terima kasih
